Restoration House Project

Restoration House is a work in progress with the first home completed. Located in Nikolskoe, Russia, this project will evolve into a village setting. The building program will provide homes to children in the area who are currently surviving on the streets and underground in the city sewers. Each home will have its own set of parents to provide a much needed family for these children whose only experience of childhood is that of neglect and abuse.

The village is located 33 miles south of the city of Saint Petersburg. This location allows us to be far enough away from the city to keep the children separated from wrong influences, yet keeps us close enough to the city to stay connected with others who we network with.

The commitment is long-term and finances are needed to purchase more property, build more houses and to furnish them with beds and other furniture. The plan for the future will enable the home itself to fray some of the cost and enable the Russians to help finance it.

Adam2 is partnering with Micaiah Ministries to help make this village dream a reality. Thank you for your support!

HUMUS & GRILLED VEGGIES - 8.75

Grilled zucchini, yellow squash, sweet peppers, portabella mushrooms & onions tossed with pesto next to a generous serving of humus, pita and ribbons of carrot. Cucumber dill soup is included.
